

Your Tour Guides & Operators

Clive and Anne Arnold

Clive, a wildlife photographer, and Anne Arnold are the owners of Safaris Into Africa and will be your personal escorts on this wonderful adventure. Both are from Africa, and have now made their home in Australia. They have always been committed to animal conservation and are well known in Australia and Africa for their contributions to wildlife preservation, rehabilitation and anti-poaching units. They love filming and producing wildlife documentaries.

For several years they have been taking people on safari into Africa to explore these wonderful countries and have real hands on experience with its magnificent wildlife. The selection of wildlife sanctuaries and planned experiences interacting with the wildlife is a potent mix of high emotions and pure enjoyment for lovers of the truly outdoor experience.

Their intimate knowledge of Africa, its people, wildlife and geography ensure that at all times your safari is the experience of a lifetime and one that will give you plenty to talk about at the waterhole.

Our tours are personalised with a minimum of 6 and maximum of 10 people per safari in Southern Africa and 6 to 12 people on our East Africa Safaris. We try to hold a meeting with all clients prior to their departure for Africa.
